Start your journey to Microsoft Teams with FastTrack Teams Entry

A FOUNDATION FOR TEAMS SUCCESS

Today's business is based on successful teamwork, and organisations that invest in collaboration services are five times more likely to empower their workforce to become more agile, efficient, and secure. However, to achieve successful user adoption and satisfaction, businesses must ensure that both their technical and cultural environment is ready for change.

REINFORCE BUSINESS CHANGE

As a global leader in the deployment of Microsoft software and solutions, Modality Systems has a wealth of experience helping organisations successfully transition to Microsoft Teams. Modality is part of the elite league of only 1% Microsoft partners worldwide who can offer the FastTrack service. We can also offer specialist value-add options to get the most out of your Microsoft Teams investment.

Our FastTrack Teams Entry package builds on the standard FastTrack benefit available with your Microsoft Office 365 licenses*. Enhance the advice and guidance for the ongoing success of your Microsoft Teams deployment with reporting modules to manage usage, governance, and security, plus automation options with bots.

WHAT'S IN IT FOR ME?

For businesses and IT leaders, Service Owners and Change Managers, FastTrack Teams Entry will give you the information and tools you need to accelerate and maximise the success of your journey:

* Realise the business value of Microsoft Teams

* Examine Microsoft Teams usage across your workforce to drive adoption

* Ensure your Microsoft Teams deployment adheres to governance and security policies across your organisation

* Automate adoption and governance to drive habit change and best practice at scale

* Deliver increased performance, improved productivity and reduced costs

FASTTRACK TEAMS ENTRY VALUE

* Take a data-driven approach to adoption and reinforce business change with score-based reports on Microsoft Teams user activity

* Proactively monitor governance and security compliance across your Microsoft Teams deployment with global reporting that highlights potential issues

* Automate adoption and governance using bots that provide specific action items straight to end-users

YOUR JOURNEY TO TEAMWORK SUCCESS

Modality's FastTrack Teams Entry package consists of four elements. The FastTrack bundle of advice and guidance on deploying Microsoft Teams is included as standard. This is further enhanced by our reporting modules on usage, governance, and security, plus adoption-driving automated notifications.

Our reporting modules provide data-led insight into the ongoing effectiveness of your Microsoft Teams deployment. Innovative bot automation reinforces business change, for a low-touch approach to achieving best practice at any scale.
